Professional Profile

Junior Full Stack Web Developer, with almost 2 years of experience in startups. Graduated from Le Wagon's Bootcamp where I developed good coding practices and enhanced my focus on User Experience, user flow and application efficiency. Coded multiple websites from architecture to launch, while responsible for their design structure, functionality, new features and translation of UI designs to code and team management. Experience in dealing with clients and several deadlines at a time, given my Law background.

Work experience

09/2022 – 06/2024
Rio de Janeiro, Brazil

Junior Web Developer, Coractium

A startup that fosters scientific interest and advertises academic jobs.

- Created the platform "Jovens cientistas" from scratch, coded in Django.
- Restructured our main platform ("Pupil"), changed existing bootstrap and third party dependences for proprietary CSS and JS, creating the frontend structure for our in-platform job application and management.
- Managed the IT team with the company founder using SCRUM and AGILE tools and implement deploy rules, more regular meetings and implemented weekly goals.
- Developed 7 new features for the main platform using REACT, CSS and Python.
- Coded all adaptations, per client demand, of our biggest contract enabling the platform to reach over 8.000 students.

- 02/2024 – 05/2024
Rio de Janeiro, Brazil
- Freelance - Web Developer, *Estudio Escola de Animação*** 
- An animation school focused on forming new low-income animators.
- Fixed database exporting problem on a campaign that received over 1.000 applications.
 - Reorganized pages for better navigation of their website, focusing on best UX/UI practices.
 - Restructured their WordPress platform to enable autonomy to the client who had no tech skills.
- 10/2019 – 05/2021
Rio de Janeiro, Brazil
- Law Intern, *Fragoso Advogados***
- Managed over 150 cases alone, dealing with 15 external lawyers in one of the top law firms in Brazil.
 - Dealt directly with clients.
